CHARLES A. KILPATRICK, P.E.
COMMISSIONER

August 25, 2016

Mr. Tom Biesiadny, Director
Fairfax County Department of Transportation
4050 Legato Road, Suite 400
Fairfax, VA 22033-2895

Dear Mr. Biesiadny:

This letter is a follow-up to our Transform 66 coordination meeting on August 4, 2016 and our discussion regarding the imminent need to use the dedicated right-of-way at the southwest quadrant of the I-66/Route 28 interchange. Due to this need, VDOT is formally requesting your assistance with initiating the County's removal of all active uses on the property by December 8, 2016. VDOT will need access to the property to prepare it for use in the initial phases of the project construction.

VDOT will be initiating improvements to the I-66/Route 28 interchange area and removing traffic signals at four intersections along Route 28 between I-66 and Westfields Boulevard to the north. The signals at the entrance to the site at the southwest quadrant used by the Sully Senior Center and the Centreville ChoDae Church will also be removed. Improvements to existing traffic movements, including the reconfiguration of the Route 28 interchange, are high priorities for the Transform 66 Outside the Beltway project.

We understand that Fairfax County's Facilities Management Department (FMD) has been overseeing the use of the property, and that they have notified the church to discontinue use of the property by November 1, 2016. VDOT requests that FCDOT, as the lead county agency on this project, coordinate and ensure this property is clear and available for the selected Developer.

VDOT appreciates Fairfax County's engagement in the I-66 Outside the Beltway project and looks forward to continued coordination. Should additional issues arise that require additional coordination, VDOT would be pleased to discuss them at the next scheduled coordination meeting. If you have any immediate questions, please contact me at (703) 259-1995.

Sincerely,

A handwritten signature in blue ink that reads 'Susan N. Shaw'.

Susan N. Shaw, PE, DBIA, CCM
VDOT Megaprojects Director
