Good afternoon Kathy. My daycare provider, Naima, informed me there is a hearing tonight regarding her permit/Montessori Mansion daycare. I will be unable to attend due to scheduling conflict but hope the attached letter can stand in my place. I absolutely believe Naima should be able to expand her program. I do not believe this will cause a noticeable increase in traffic and/or perceived inconvenience to the neighborhood.

As a local resident in the community I wholly support and appreciate the service she is providing. Because of her, I have been able to go back to work confident that my child is well taken care of.

If you have any questions or would like to discuss further, please don't hesitate to give me a call on my cell: [703-328-3841](tel:703-328-3841). Thank you for your consideration.

I have included the contents of my letter to you below.

Kind Regards,

Dear Kathy,

My daycare provider, Naima, informed me that there was going to be a hearing regarding her permit for her daycare, Montessori Mansion. Regrettably, I will not be able to attend the hearing because I have an infant and a previous commitment. However, I hope this letter can stand as a proxy for my interests.

Naima is a wonderful provider, she has built a lovely environment for children to be nurtured and grow. One of the things I have been most impressed with is her focus on the individual children. She is gifted in early childhood care.

Given the number of children she watches, I have not seen an impact to the neighborhood. I cannot imagine how the neighborhood would be adversely affected if she were able to expand her program. I have yet to experience a time when there was more than one parent other than myself at the home. We are all parents of small children and drive carefully. We do not spend prolonged periods of time dropping off and picking up – I am either headed to work or home!

As a final comment, I was initially hesitant to take my child to an in-home provider but Naima completely won me over. I can only hope other parents of young children have the trust in their providers that I have in Naima with my daughter.

Kindly,
