In 2016, the Board of Zoning Appeals established the use with approval of SP 2016-SU-058 to allow indoor mini golf for up to 70 patrons. The Applicant now proposes to expand the approximately 12,000 square foot use by 9,000 square feet into an adjacent vacant tenant space to permit 60 additional patrons for up to 130 total patrons. No external changes are proposed with this application. The Applicant looks forward to expanding its existing amusement operations and better serving the Sully District.
